

# SI Measure Hunt

1. Open the Measure Hunt ACTIVITY on the class website
2. Go to File, then select Make a Copy of Entire Presentation
  - Change the NAME of the presentation to your period, name, and the assignment name, "Measure Hunt"
3. You have 15 minutes to find take a selfie with each item described on each slide (5 items in all)
  - Take a meter stick with you to help you ESTIMATE. Don't make exact measurements!! **Hint: A meter is a little more than a yard; a dime is about 1 mm thick**
  - Use the kilogram samples on the front lab stations to help you estimate mass. Don't make exact measurements!! **HINT: A paper clip is about a gram and a 2 L coke is about 2 kg**
  - A recognizable part of your face must be in the photo with the item
4. Assemble your assignment and turn it in:
  - Save the photo your Google Drive
  - Insert the photo from your Google Drive into the matching slide
  - Save your new Google Slides Presentation to your Chemistry Shared Folder (make sure it has the correct name!)
