

Day	Academic Objective	Activities	Homework/Assessments	Biblical Integration
M	Explore the effect and use of hydraulics	T- Bot Repair Lab	<ul style="list-style-type: none"> Design Hydraulics Lab video Web post due by Friday 11:59 PM 	Students will understand that God gives us the command and ability to subdue and have dominion over the world around us by using the pressure on fluids to perform a task.
TU	Explore the effect and use of hydraulics	Design Challenge: T Bots & Hydraulics	<ul style="list-style-type: none"> Lab video saved to Google Drive by Tuesday, 3/5, 11:59 PM 	
W	Explore the effect and use of hydraulics	Design Challenge: T Bots & Hydraulics	<ul style="list-style-type: none"> 	
TH	Define the Bernoulli Principle and explain its effect on fluids	Discuss ch 8, pg. 282 – 284, 288 "Bernoulli's Principle, Part 1"	<ul style="list-style-type: none"> Read Ch 8, pg. 282 – 284, 288 	
F	Use Bernoulli Principle in problem solving	Discuss ch 8, pg. 282 – 284, 288 "Bernoulli's Principle, Part 2"	<ul style="list-style-type: none"> Pg. 289: 17 – 21 and Bernoulli Worksheet Web post due by Friday 11:59 PM 	

TEST on chapter 8 Tuesday day, March 5

Lab reports for 2nd half of term due 3/5 – Save as PDF 2X

SlitN Extra Credit due Thursday, March 7

Take what you can't do and put it in God's hands. Then watch Him take your can't and turn it into something that He can.

Renee Swope
