

Day	Academic Objective	Activities	Homework/Assessments	WHY?
M	Learn to use technology tools to write and submit lab reports	Technology 101 Assignment <ul style="list-style-type: none"> Jobs 4 - 6, Steps 11 - 13 	<ul style="list-style-type: none"> Complete Jobs 5 - 6, Steps 12 – 13 on Technology 101 Assignment – due by tonight, 11:59 PM On Class Website, read my post on Web Post Comments Web post due by Friday, 11:59 PM (See note below for topic) 	God has given us the tools we need to analyze the world around us, such as determining such as the state of matter and measuring.
TU	Describe the scientific method and its use to solve problems	Discuss chapter 2, pg. 31 - 35 "The Scientific Method"	<ul style="list-style-type: none"> Pg. 35: 1 – 5, Answer on notebook paper; For #5, make a list of the four terms and beside each, describe exactly how you would use them in your experiment Read and Print Activity: Oobleck 	
W	Use the scientific method to form a theory	Activity: Oobleck	<ul style="list-style-type: none"> Oobleck Activity sheet due Friday (turn in in class) 	
TH	Define fundamental and derived units of measure	Discuss chapter 2, pg. 37 - 42 "Units of Measurement"	<ul style="list-style-type: none"> Read ch. 2, pg. 37 – 42 Read cLAB: The Physics Aviary: Measuring Games 	
F	Define fundamental and derived units of measure	Discuss chapter 2, pg. 37 - 42 "Derived Units" cLAB: The Physics Aviary: Measuring Games – see instructions below	<ul style="list-style-type: none"> Complete cLAB: The Physics Aviary: Measuring Games – see instructions below Web post due by Friday, 11:59 PM (See note below for topic) 	

Activities highlighted in yellow are on the class website at <https://tskinnersbec.edublogs.org/>. If possible, you should print these. You can read them from your device, but you will find that VERY DIFFICULT to use in class.

- If the activity is a lab and you are using your device in class to read it, Data Tables and Observation Questions MUST copied onto notebook paper BEFORE you come to class for you to use.

Online textbook info is on Canvas, on the class website and on the first day class info sheet!

The Physics Aviary Games – Due Monday by class but will be turned in online to your Google Drive Shared Folder. Assignment sheet is on the class website under the Lab tab. Instructions for turning in the assignment are on the sheet.

Web post: Enter your name like this: First initial (space) last name (space) class (with your name and class): **T Skinner C4**
Topic this week – from "STARS Web Post Comments Ideas" - Struggle

QUIZ on SI Prefixes, Quantities & Units next Wednesday, Aug. 21ish

Bring **CALCULATOR** next week

The Heavens declare the glory of God and the God; and the firmament shows his handy work. Day unto day utters speech, and night unto night shows knowledge. There is no speech nor language, where their voice is not heard. *Psalms 19: 1 – 3*
